## LEM / LEME / LEMS Plastic Clamp Levers, Male Screw

SUS Stainless steel

- The zinc die cast serration ring is inserted into the plastic lever main unit. It achieves sufficient fitting strength with the metal screw serrations.
- A wide variety of screw sizes from M3 to M16.
- The thread part is available in three combinations of materials and surface treatment.
- LEM -
- **LEME** ——Steel/electroless nickel plating
- **LEMS** ——Stainless steel
- **LEME** has a steel thread part with electroless nickel plating for increased corrosion resistance.
- The lever is available in 3 color variations. They can be selected by the end symbol of the part number.

| End Symbol 📧 | Lever Part Color |
|--------------|------------------|
| вк           | Matte Black      |
| SG           | Matte Silver     |
| OR           | Matte Orange     |
