

Thickness: approximately 0.55 mm

- Vertical type scale plate scaled down by half.
- Values of 20/40/60... are displayed on a 10 mm/20 mm/30 mm... scale.
- By using it in a feed mechanism using double-ended screws to move in both directions, you can read the actual travel distance.
- As the adhesive tape is provided, you can simply stick it on machines / devices to use.
- Made of stainless steel. They have excellent corrosion resistance.
- Corners are rounded. It is hard to remove.

Material/Finish RoHS2 Compliant

FSP-V-HSR	
Main body	SUS304

Part Number	Mass (g)
FSP-200V-T-HSR	4.8
FSP-200V-B-HSR	4.8
FSP-300V-T-HSR	7
FSP-300V-B-HSR	7

⚠ Precautions for Use

- **FSP-V-HSR** Use the scale of the Scale Plate as a general guideline.
- Thoroughly remove oil and dust on the sticking surface before sticking.
- Mounting hole processing is available upon request.

• Usage example

For reading actual travel distance in feed mechanisms using double-ended screws to move in both directions. When the left-side table travels 10 mm, the right-side table also travels 10 mm, for a total of 20 mm travel. Using **FSP-V-HSR** enables confirmation of this total travel distance.
